Choosing the right width for your Mokume ring is important.

The easiest way to decide is to come in-store and try them all on.

If you can't make it in, this is the next best thing!

1. Print out this PDF at 100% scale so that the images print to the correct size

2. Cut out the chosen ring widths

3. 'Try On' different ring widths to find out which one you like the best.

0.5mm increments are also available
